

GOLD GRADE ACTIVATED CARBON

What We Do

We are also involved in the water treatment industries where we supply both unslaked and hydrated lime, filter sand, anthracite and activated carbon. The activated carbon that we supply to the water industries is coal based (macadamia shell).

We have partnered with overseas countries such as India and China.

Coconut Shell Based Granular Activated Carbon

Producer: SUNEETA CARBONS

Country of origin: INDIA

Rightful distributor in RSA:
National Resources Group

HMGOLD-6500 Gold Grade

Producer: HUAMEI ACTIVATED CARBON

Country of origin: CHINA

Rightful distributor in RSA:
National Resources Group

MICOCO GOLD 60

Producer: MICBAC CARBON

Country of origin: INDIA

Rightful distributor in RSA:
National Resources Group
